SPECIFICATIONS

Extrusion Machine Specification	
Machine Dimensions(mm)	950x350x1500
Machine Weight(kg)	60kg
Type	Single screw
Motor Power	1.5KW
Voltage (V)	380V/220V
Material	6061 Aluminium + copper
Screw Diamiter	30mm
Speed range	0 - 30 rpm
Tempreature range	0 - 350 Celcius
Heating power	1800W
